1. [REDACTED] Arranged with William Schneider, in the office of Senator James L. Buckley, for Carl Duckett (DDS&T) and [REDACTED] (OCI/LA) to brief Senators Buckley and Harry Byrd on SALT and Cuba in Senator Buckley's office at 10:30 Friday, 25 October. Schneider assured me no staff members would sit in on the SALT briefing. We both agreed we hopefully can conclude the session within an hour since we really have nothing significant to contribute on Cuban export of terrorism. (Senator Buckley only has an hour to spend.)

3. [REDACTED] Called [REDACTED] NSC Staff, to make arrangements to brief him on matters of current interest on the Hill concerning the Agency. [REDACTED] will give us a call sometime next week.

[REDACTED] called later in the day and said Bill Timmons had referred a letter from Representative Larry Winn (R., Kans.) who, among other things, queried on the authority of Agency employees to expend money overseas for other than intelligence collection purposes. I recommended this question be answered by reference to the President's press statement on the need for covert action but that, if necessary, they could refer that question to us for possible handling.

25X1 4. [REDACTED] Called Dick Ober, NSC Staff, referencing his call to me last week on the status of our Intelligence Sources and Methods legislation in connection with Chairman Nedzi's letter to the President, brought him up-to-date on the most recent developments, and suggested the weakness in current law in handling an "Agee-type" case may be useful in dramatizing the need for the proposed legislation and galvanize support behind it which may be important as we are having trouble in clearing the measure within the Executive Branch.

25X1 5. [REDACTED] Received a call from Marsha Matt, House Appropriations Committee staff, who told me the Chairman determined last night to allow Representative Peter H. B. Frelinghuysen's (R., N.J.) assistants at the Murphy Commission to review the Committee's investigative findings concerning DIA's "unreviewed intelligence reports." Ms. Matt said that J. J. Hitchcock will be the man who will review the files but that the Defense Department has no record of security clearances for him. After checking with the Office of Security, I advised Ms. Matt that Hitchcock has the necessary clearances. No further action is indicated.

25X1 25X1A 6. [REDACTED] In response to his earlier call and after consultation with [REDACTED] OCI, I talked to Geoffrey B. Shields, Subcommittee on Multinational Corporations, Senate Foreign Relations Committee staff, and suggested that he contact the Treasury Department for information concerning petro dollar and Euro dollar flow and disposition. Shields said he would contact Treasury.

25X1 7. [REDACTED] Received a call from Janet in the office of Representative R. Lawrence Coughlin (R., Pa.) who requested information for a constituent concerning the "title under which the Agency operates." I told her the basic statutes are the National Security Act of 1947 and the Central Intelligence Agency Act of 1949. A copy of the Agency unclassified publication, "Central Intelligence Agency" will be forwarded for her use.
